

*APEC Forum On
“Business Incubators Promote Regional Innovation”*

Xi'an International Business Incubator (XIBI)

Xi'an APEC Business Incubation Training and Management Center

- Technology-oriented SMEs play vital role in producing innovations
- Business incubators create regional innovation atmosphere
- Both SMEs and BIs need internal exchanges
 - tech & market share among enterprises
 - co-incubation between incubators

- China has 198 national level business incubators (Torch Center)
 - AABI covers 16 countries but only two BIs from each country
 - NBIA has 501 members
- Whereas there is a lack of a close internal mechanism for BIs and their organizations among APEC member economies

APEC Forum on
“Business Incubators Promote Regional Innovation”

Sub Themes on:

1. Business Incubators & Regional Innovation
2. Comprehensive Incubators &
Industry-focused Technology Incubators
3. New Development Trends of Business Incubators

- Exchange the latest research results on the development trends of business incubators
 - Foster the regional business incubators networks
 - Explore an internal co-incubation mechanism
 - Catalyze the collaboration of SMEs in business incubators
 - Launch consecutive programs
- BIs in APEC member economies could be closed tied as a strong pushing force for regional innovation

Confirmed:

1. Thailand (member economy: Thailand)
2. JANBO (member economy: Japan)
Japan Association of New Business Incubation Organizations

Expecting:

1. CCICE (member economy: USA)
Chamber of Commerce International Consortium For Entrepreneurs
2. Incubator Development, New Zealand Trade and Enterprise
(member economy: New Zealand)

- administrators and managers of science parks & business incubators
- technology based entrepreneurs
- tenants and prospective tenants of science parks/business incubators
- regional business incubators organizations
- government officials focus on business incubation
- experts specialize in business incubation
